SUMMARY :

Full Stack Developer with almost 3.5 years of experience specializing in the MERN stack (MongoDB, Express.js, React, Node.js). Adept at designing and implementing scalable, user-centric web and mobile applications. Proven track record of leading cross-functional teams, optimizing application performance, and delivering impactful solutions that drive business growth. Passionate about leveraging emerging technologies to create seamless digital experiences.

TECHNICAL SKILLS :

- ❖ **Frontend** : JavaScript, React js, React Native, Next js, Redux, TypeScript, Tailwind, HTML, CSS
- ❖ **Backend** : Node.js, Express.js, TypeScript, API Development & Integration
- ❖ **Devops**: Docker, git and github, jira and slack
- ❖ **Database** : MongoDB, MySql, AWS(EC2 , S3)

PROFESSIONAL EXPERIENCE

Software Engineer (Full Stack Developer - MERN) | Bright Digital Gold [\[LINK\]](#)

April 2022 – Present

- Engineered responsive web and mobile interfaces using React.js, TypeScript, and Redux within the MERN stack, delivering intuitive experiences for a user base exceeding **1 million+ customer base**.
- **Integrated RESTful APIs** and developed dynamic data visualizations, enhancing customer engagement by 15% through improved usability and accessibility.
- Optimized website performance by 30% by implementing React state management, Formik for form **handling, and streamlining KYC, transaction, buy/sell, and gifting workflows**, significantly reducing load times.
- Collaborated with cross-functional teams to deliver high-quality software products, contributing to a 10% revenue increase through enhanced user experiences.
- **Designed and implemented coupon discount systems and promotional features** (e.g., welcome promos, gifting scenarios), driving a 20% revenue surge as measured by sales and profit margins.

Software Engineer (Full Stack Developer) | TestOfire Technologies [\[LINK\]](#)

November 2021 – Present | Remote

- Led the development of a student-coaching app platform using MERN stack, integrating advanced APIs to enable **real-time synchronization of user actions between student and coaching apps**.
- Ensured seamless communication by implementing instant updates, improving collaboration efficiency and user satisfaction across both applications.

Freelance Full Stack Developer | Medical Kundali

January 2025 – May 2025 | Remote

- Developed a healthcare report-sharing platform using the MERN stack, **enabling secure sharing of medical reports via OTP-based authentication**.
- Designed and implemented **features such as user authentication, report upload, and sharing workflows, integrating with MongoDB** for efficient data management.
- Utilized **Git for version control and Jira for task management, ensuring smooth project delivery**.
- Built **responsive UI components with React.js and Tailwind CSS**, ensuring accessibility and cross-device compatibility.
- Collaborated with business to define requirements, delivering a scalable solution that improved user engagement and streamlined report-sharing processes.

EDUCATION

Master of Computer Applications (MCA) | Maharaja Agrasen Himalayan Garhwal University (MAHGU) | 2021 – 2023 | Uttarakhand

- Focused on advanced software development, database management, and web technologies.

Bachelor of Computer Applications (BCA) | Indira Gandhi National Open University (IGNOU) | 2018 – 2021 | Delhi

- Focused on SDLC, Programming, Operating System, Computer Networking and software engineering.

KEY PROJECT

Bright Digital Gold

April 2022 – Present

- Developed a full-fledged e-commerce platform using MERN stack, enabling users to buy, sell, and gift digital gold with **integrated payment gateways**.
- Implemented secure user **authentication with JWT and role-based access control**.
- Reduced transaction processing time by 25% through backend optimizations using Node.js and Express.js.

Student-Coaching App | TestOfire Technologies

November 2021 – Present

- Built a **real-time app ecosystem using MERN stack**, facilitating seamless interaction between students and coaches.

CERTIFICATIONS

- JavaScript + ES6 with MERN | Udemy | 2022
